1875.

LAND REVENUE.

The Land Revenue is derived from the sale and rent of Lands.

The sale of Lands is regulated by the following General Order, No. CLXXI., dated 29th September, 1873:—

RULES FOR THE SALE OF CROWN LANDS IN THE COLONY OF THE STRAITS SETTLEMENTS.

Unless otherwise ordered by the Governor for special reasons in any particular case, no land belonging to the Crown in the Colony of the Straits Settlements will, in future, be disposed of except under the following conditions:—

Classification of Lands.

Lands divided into Classes.

1.—Lands at any time available for sale will be divided into the following Classes:—

A. Building lots within the Municipal limits of the Towns.
B. Lands intended for the cultivation of Tapioca, Gambier, and other exhausting produce.
C. Lands intended for the cultivation of Paddy, or Grain of any sort, for Cocoanut, Sugarcane, Fruit, and Spice plantations, or for general garden land, and for building purposes in suburban districts.

Sale of Building Lots—Class A.

Building lots.

2.—No lands under this Class may be sold without the express sanction of the Governor.

Disposal of.

3.—Whenever it shall be determined upon by Government to dispose of any land under this Class, such land will be laid out by the Survey Department in suitable lots according to the situation of the ground and the probable requirements of intending purchasers.

Advertisement.

4.—When such lots are duly surveyed and marked out, and the plan approved by the Governor, they will be advertised for sale by publication in the *Government Gazette*, and by hand-bills in the English and Native languages, posted upon the ground, and in other public localities.

Contents of Advertisement.

5.—Such advertisement shall contain full particulars of the site, area, and nature of the land, of the conditions of sale, and the date at which such land will be exposed for sale, which, as a rule, shall not be less than one month after the first issue of the advertisement. When for any reason a sale is deferred from the date originally fixed, notice of the date to which it is deferred shall be published in like manner, with at least one week's notice.

Sale.

6.—On the day of sale, the land is to be sold by public auction, to the highest bidder above the upset price, and if there be no bid above the upset price, and there has been an application for the land, it may be sold to the applicant at the upset price.

Upset price.

7.—The upset price will be fixed at a certain rate per square foot, and will be determined, in each case, with reference to the situation and relative value of the land.

LAND REVENUE.

Terms of sale.

8.—All such lands shall be sold on leases for 999 years, and shall be in all cases subject to an annual quit-rent.

Quit-rent.

9.—Such quit-rent shall be fixed in proportion to the size and position of the lots.

Purchase-money.

10.—The purchaser shall pay one-third of the purchase-money to the Land Office immediately after the sale, and the remainder on the issue of the lease, which will be granted within three months of the date of sale.

Non-compliance with conditions.

11.—If the purchaser shall fail to comply with the conditions of sale, the land will be re-sold at his expense and risk, and any part-payments which may have been made will be forfeited.

Sale of Waste Lands—Classes B and C.

Application.

12.—Applications for the purchase of land under Classes B and C must be made to the local head of the Land Office in each Settlement, and in every application the following particulars must be stated:—

1*st*.—The estimated area in acres of the land applied for.
2*nd*.—The situation of the land, and its boundaries as accurately as can be ascertained.

Limits as to area.

13.—As a rule, no greater extent of land than 100 acres will be granted to the same individual, but any person desirous of obtaining a greater quantity, or of increasing the size of his holding beyond this extent, may make a special application for the same, which will be submitted for the consideration of the Governor.

If, on completion of the survey provided for in Clause 15, it appears that the area of any lot not specially granted exceeds 100 acres, the excess will be excluded from the grant.

Conditions as to compactness and frontage.

14.—Every lot must be compact, including no more than one tract of land in a "ring fence." This condition, however, will not be rigidly insisted upon, where, as in the case of small patches of jungle or hillocks interspersed among land already leased or settled upon, it is practicably inapplicable. If the land touches a public road, or navigable river, the length of the road or river frontage will be fixed in each case by the Survey Department.

Survey.

Survey fees.

Cost of clearing boundaries.

15.—If the local head of the Land Office is satisfied that the land may properly be sold, and it has not been surveyed, he will cause it to be surveyed, and boundaries demarcated; the cost of such survey and demarcation being first deposited by the applicant, together with the cost of clearing the boundaries, which will be estimated by the Land Office. If, at or before the time of survey, the applicant shall himself clear the boundaries, the sum deposited by him for that purpose will be refunded.

16.—The cost of survey and demarcation will be according to the following scale:—

Lots below	10 acres		$ 4.00		(17*s*. 0*d*.)
above	10 and under	100	„ 0.40	per acre.	(1*s*. 8¼*d*.)
„	100 „	250	„ 0.25	„	(1*s*. 0¾*d*.)
„	250 „	500	„ 0.20	„	(0*s*. 10*d*.)
„	500 acres.		„ 0.15	„	(0*s*. 7½*d*.)

The cost of simple demarcation will be calculated at 20 cents per acre.

Amended application.

17.—If it appears that the applicant has not complied with the conditions in Clause 15, the Land Office may call for an amended application, and in the event of a revised application not being given in within 15 days, the application will be held to be cancelled, and any deposit made on its account will be returned, less the amount of expense actually incurred for survey and clearing boundaries.

Survey before sale.

18.—As a general rule, no lot not already surveyed is to be sold until it has been surveyed and demarcated. Such survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its area.

Suspension of survey.

19.—Instances may occur in which it may be considered desirable to dispose of lands applied for as above when a survey may at the time be impracticable. The application, in such cases, must be accompanied by a distinct and intelligible specification of the situation and area of the land, and the Survey Department will then prepare a rough plan, shewing the situation, the direction of the boundaries, the length, breadth, and estimated area, and any existing land-marks, natural or artificial, by which it can be identified when it comes to be surveyed, and in all cases the applicant must clear the boundaries before such land is sold to him.

Advertisement.

20.—When the land has been surveyed and demarcated as provided for under Clause 17, or only demarcated as under Clause 18, it will be advertised for sale by publication in the *Government Gazette*. and by hand-bills in the English and Native languages, posted upon the ground, and in other public localities. The sum of $1 (4*s*. 3*d*.) must be paid by the applicant at the time of application to meet the cost of such advertisement.

LAND REVENUE.

21.—Such advertisement shall contain full particulars of the position, area, and nature of the land to be sold, of the conditions of sale, and the date at which such land will be exposed for sale, which, as a rule, shall not be less than one month after the first issue of the advertisement. When for any reason a sale is deferred from the date originally fixed, notice of the date to which it is deferred shall be published in like manner, with at least one week's notice.

Contents of advertisement.

22.—On the day of sale the land shall be disposed of as in Clause 6, and care shall be taken, at the time of selling, to proclaim publicly the conditions of sale, and all Government rights in reference to foreshores, roads, streams, canals, minerals, and materials for roads or other public works.

Sale.

23.—In the event of the land being sold to a higher bidder on the day of sale, any sums advanced under Clauses 15 or 19 will be refunded to the original applicant, and charged to the actual purchaser.

Refund of advances to original applicant.

24.—Lands under Class B will be sold on leases for ten years at an upset price, and subject to an annual quit-rent. A renewal of the lease may be obtained for an additional ten years on payment of the same quit-rent as required by the original lease, and without any further premium.

Class B. Terms of sale.

25.—The upset price for such lands shall be $1 (4*s.* 3*d.*) per acre at Singapore, Penang, and Province Wellesley, and 50 cents (2*s.* 1½*d.*) per acre at Malacca.

Upset price.

26.—The quit-rent for such lands shall be 30 cents (1*s.* 3¼*d.*) per acre at Singapore and Penang, and 25 cents (1*s.* 0¾*d.*) per acre at Malacca and Province Wellesley.

Quit-rent.

27.—Lands under Class C at Singapore, Penang, and Province Wellesley, and building lots in suburban districts at Malacca, will be sold on leases for 999 years, at an upset price, and subject to an annual quit-rent. At Malacca such lands, except lots for building purposes as defined above, will be sold on leases for the same term, at an upset price, and subject to the customary payment of one-tenth part of the produce thereof to Government, such payment to be made in kind, or in the form of a sum of money fixed by Government in commutation of the payment in kind.

Class C. Terms of sale.

Malacca

28.—The upset price for such lands, except lots for building purposes as defined in Clause 30, shall be $1 (4*s.* 3*d.*) for every 10 acres, or any less area than 10 acres, at Singapore; and $1 (4*s.* 3*d.*) for an acre, or any portion of an acre, at Penang, Province Wellesley, and Malacca.

Upset price.

29.—The quit-rent for such lands shall be 30 cents (1*s.* 3¼*d.*) per acre at Singapore and Province Wellesley, and 40 cents (1*s.* 8¾*d.*) per acre at Penang, and 40 cents (1*s.* 8¾*d.*) per acre for building lots, as defined above, at Malacca.

Quit-rent.

30.—In the case of lots for building purposes having a frontage on the sea, on any public road, or navigable river, the upset price shall be fixed, in each particular case, according to the relative value of the land at the time.

Exception.

The rent of lands disposed of previous to this General Order is regulated by the rules which were in force prior to the date of the regulations of September, 1873, and were as follows:—

AT SINGAPORE.

RULES FOR SALE AND GRANTS OF LAND APPROVED BY HIS EXCELLENCY THE GOVERNOR ON 9TH MAY, 1870.

A 1.—Whenever land is applied for to be used in cultivating tapioca or gambier, it will be let on lease for ten years, on payment of a premium of not less than $1 (4*s.* 3*d.*) per acre, and an annual quit-rent of 30 cents (1*s.* 3¼*d.*) an acre. A renewal of the lease may be obtained for an additional ten years, whenever desired, on payment of quit-rent, but without any further premium. Lands so let to be classed under head A.

B 2.—Land to be cultivated as garden ground, cocoanut, or fruit plantation to be leased, on payment of a minimum premium of $1 (4*s.* 3*d.*) per 10 acres, on lease for 99 years, at a quit-rent of 30 cents (1*s.* 3¼*d.*) per acre.

C 3.—In the case of land classed thus, the applicant has a right to an absolute sale at the old rate of $3 (12*s.* 9*d.*) per acre.

D 4.—Land having valuable timber on it to be sold, on payment of a premium fixed in each case, in proportion to the value of timber, on a ten years' lease, at a quit-rent of 30 cents (1*s.* 3¼*d.*) an acre.

5.—Provision to be introduced into Lease B that the cultivation at any time of gambier or tapioca will subject them to payment of $1 (4*s.* 3*d.*) an acre as additional premium, failing which they will forfeit their leases.

6.—In all cases, grants of lands on lease in Singapore will not be issued until the property has been offered for competition, and the highest bid above the premium of $1 (4*s.* 3*d.*) an acre in A lots, and $1 (4*s.* 3*d.*) for 10 acres in B lots, will be entitled to the lease; if no offer is made above these amounts, the original applicant will obtain the lease.

Singapore, 9th May, 1870.

LAND REVENUE.

Previous to this the disposal of these lands was regulated by the following rules framed under Act XVI. of 1839:—

1.—All persons holding land under Regulation I. of 1830, designated *Periodical* Leases, save and except Leases Nos. 29, 30, and 113, shall have the option of commuting their future rents by obtaining a deed of sale in perpetuity on payment of an aggregate of eight years' purchase, calculated at $2.50 (10*s.* 7½*d.*) per acre per annum, and the holder of the Leases Nos. 29, 30, and 113, in like manner, at $5 (£1. 1*s.* 3*d.*) per acre per annum.

The holders of Leases at Buffalo Village, and also of Leases Nos. 404, 405, 500, 507, and 616, shall also have the privilege of commuting their future rents by a payment equivalent to eight years' purchase.

2.—All unoccupied and waste lands, the property of Government, required for agricultural purposes, shall be disposed of by private or public sale in full property at from Rs. 5 to Rs. 10 (10*s.* to 20*s.*) and upwards per acre, according to the nature of the soil, locality, and other circumstances.

3.—All unlicensed squatters or occupiers of land, who have no title to the ground beyond that which their labour in reclaiming the ground from a primitive forest may have given them, will be allowed a deed of sale in perpetuity on terms stated in paragraph 2.

4.—Such squatters or occupiers of Government lands who may refuse to accede to the above terms will be dealt with under the provisions of Act XVI. of 1839.

5.—In the whole of the deeds of sale in perpetuity hereafter to be issued at Prince of Wales' Island, Province Wellesley, and Singapore, provisions for the resumption of land, if one-fourth be not cleared and cultivated within five years, will be inserted. A form of the said deed may be seen on application at the Land Office, where the general direction of the roads which Government may contemplate opening, and every requisite information as to disposal of public lands, will be readily communicated.

6.—Prior to issuing deed of sale, portions of land will be marked off, and reserved for the supply of timber, earth, stone, and other materials for roads, drains, bridges, and other public works.

A line of 60 feet inwards from high-water mark will also be reserved along the coast of the Island of Singapore.

7.—Parties in possession of lands which have been surveyed will be furnished with deeds of sale at an early date on the payment of the price determined on by the Resident Councillor and Collector, subject to an appeal to the Governor of the Straits Settlements, should the rate per acre be considered unreasonable or excessive by the occupiers of the land.

8.—Such of the lessees or holders of grants, above referred to, at Prince of Wales' Island, Province Wellesley, and Singapore, as may not consent to the terms fixed, will be permitted to abide by their existing engagements.

Singapore, 20*th December*, 1844.

AT PENANG AND PROVINCE WELLESLEY.

1.—Every person holding land on grant subject to an annual quit-rent exceeding $1 (1*s.* 3*d.*) per acre, shall have the option of commuting the same by the payment of an aggregate of from 5 to 8 years' purchase at the discretion of the chief local authority, and any person paying less than $1 on such conditions as that Officer may determine.

2.—Holders of Leases on which the rent reserved exceeds $1 (4*s.* 3*d.*) shall have the option of receiving a Deed of Sale in perpetuity in lieu of their Leases, on payment of an aggregate of from 5 to 8 years' purchase at the discretion of the chief local authority, and all persons paying less than $1 on Lease or Cutting Paper, on such conditions as that Officer may determine.

3.—All unoccupied and waste lands, the property of Government, required for agricultural purposes shall be disposed of by private or public sale, in full property, at Rs. 5 to 10 (10*s.* to 20*s.*) and upwards per acre, according to the nature of the soil and other circumstances.

Singapore, 20*th December*, 1844.

Some subsequent Regulations were laid down by the Governor in a Minute, in reference to the new lands at Province Wellesley, on 11th February, 1870, as follows:—

1.—Every occupier of land in the new territory must establish his claim to it, to the satisfaction of the Lieut.-Governor, before it can be recognized.

LAND REVENUE.

2.—If anyone can shew an undoubted written document, dated before the transfer of the territory to us, conferring upon him a title in perpetuity free from all rent, charge, or service, his right to the land will be admitted, and he will be given a grant in fee simple, free of all charges except the fee for surveying. This will be called Class A.

3.—If anyone can shew, by written or satisfactory verbal evidence, that he has occupied land prior to the transfer of the territory to us, with the sanction of the Rajah, or his constituted authorities, he will be entitled to a lease for 999 years on payment of survey fee, and the same rent, or payment in kind, as he was subject to under the Rajah's government. If, through the land not being fully cultivated, the payment had not obtained its maximum, it will have to be increased in the same proportion it would have been under the Malay Government. This will be Class B.

4. Every other occupant of land will, if he chooses to accept it, be entitled to a Lease for 999 years on payment of the survey fee, and a rent calculated in proportion to that which will be paid by occupiers alluded to in the previous paragraph; but such Lease will only be given for land which the occupier can shew was actually in cultivation by him at the time of the transfer of the territory; great care should be taken that this class do not get Leases for more than this, unless in any particular case the Lieutenant-Governor may think it desirable to grant more. This will be Class C.

5.—It is very desirable that any payments in kind made by Class B should be commuted for a money payment, but this cannot be insisted on if the holder refuses it. No payment in kind is to be received from any holder in Class C.

6.—I am not prepared to sell any land to existing occupiers, nor indeed to any one who can be prevailed upon to take a Lease. If this is strongly objected to, the declining purchaser must be informed that a very high rate will be expected for the land, and if he persists, he must make an application, stating what he is prepared to give. Each such case must be referred for the Governor's decision, and will be dealt with on its own merits.

7.—No negotiation for the leases of fresh land is to be entered into until the claims of the three Classes A, B, and C have been disposed of. When this is done, the Government will be prepared to entertain proposals for Leases in perpetuity (999 years), or for such shorter periods as may appear advisable; care being taken that Leases are not granted of land containing valuable timber on such terms that the holder can cut the timber, clear a large profit on it, and then throw the land back on the hands of Government, having perhaps paid a trifling rental for two or three years only.

AT MALACCA.

The question of land tenure here is on quite a separate footing, and was regulated by Act XVI. of 1839, and again by Act XXVI. of 1861. It is thus stated by Mr. C. J. Irving, Auditor-General, who acted as Lieutenant-Governor of Malacca in 1870.

At the time of the cession of Malacca by the Dutch to the British Government in 1824, proprietary rights in the soil, which, according to the custom of all Malayan countries, are inherent in the State, were found to have been made over almost entirely to certain private individuals. In 1828 these rights were recovered in respect of the greater part of the lands by agreement with the proprietors, under which they parted with their rights in consideration of certain fixed annuities to be paid to them by the British Government. The annuities amounted in the first instance to $7,729.22 per annum, but since then a portion of them has been redeemed, and at present the amount payable annually is $4,765.79. In the district of Nanning, which was acquired after the war, in 1831 to 1833, the proprietary rights of the Government have never been alienated. With the exception, therefore, of lands in Malacca proper, in respect of which no agreement was entered into with the proprietors in 1828, and of some small portions of land of which the fee simple has since been sold, the Government is the proprietor of the soil of the Settlement; subject, however, in respect of certain lands, to rights enjoyed by the occupiers—holding their lands in some cases by prescription, and in some cases under agreements entered into with the Government.

Prescriptive-right tenants hold their lands subject only to the obligation of keeping them under cultivation and paying the Government one-tenth of the produce.

All occupiers of lands not holding by prescription are now being required to take out Leases for their holdings but, in the meantime, they are allowed to retain possession of their lands on payment of tenths in the manner described below. Leases are or have been granted on the following terms:—

1. *Leases for* 999 *years*—
   Only three such Leases have been granted, in 1863 and 1864. They are granted at low or nominal rents to religious bodies.

2. *Leases for* 99 *years*—
   Leases for this period have been granted for building lots in the neighbourhood of the town of Malacca.

LAND REVENUE.

3. *Leases for* 20 *years*—

This is the ordinary term for leases of country and suburban lands. In the case of lands bearing fruit or other valuable trees, the rent is based on an estimate of the average value of the tithes of the produce of such trees. In the case of all other lands the rent is fixed at the following rates:—

Within a radius of 2 miles from the Flagstaff of Malacca	50 cents	(2*s.* 1½*d.*)	per annum.
Between the 2 and the 4-mile radius	45 do.	(1*s.* 11*d.*)	,,
Beyond the 4-mile radius ...	25 do.	(1*s.* 0¾*d.*)	,,

4. *Leases for* 10 *years*—

Lease for this period have been granted to persons desirous of cultivating tapioca. Tapioca is a crop of a very exhausting character, and after three crops without manure, the land is exhausted. Hence the planters are desirous of obtaining short Leases. There are two kinds of tapioca, viz. the white and the red. The white takes twelve months, and the red two years, to come to maturity. Three crops of the red variety, occupying a space of six years, may be stated as the outside of the profitable cultivation of tapioca on unmanured lands in Malacca.

5. *Leases for* 5 *years*—

Up to 1865, leases were granted in some cases for this short period. The last of them will expire at the end of 1870.

In all Leases, except those for 99 years, there is a stipulation for the payment to the Government of a royalty of one-tenth on all minerals raised on the land.

The occupiers of lands not held under Leases are required to pay to the Government one-tenth of the produce. The tenths are levied in the following manner:—

Tenths on Paddy.—At harvest time in each year, an Officer of the Land Department visits the several districts, and, in conjunction with Punghulus, or headmen, estimates the amount of the crops on the various lots. Statements are then prepared shewing the quantity of paddy to be furnished, as their tenths, by the different cultivators, which are given to the Punghulus, who collect the paddy accordingly. Except in a few outlying districts, the Punghulus as soon as they have collected the paddy hand it over to the "Paddy Farmer," who accounts for it to the Government at the rate of 4 cents (2*d.*) per gantang,—his profit being the difference between this rate and the market rate, which varies from 4½ to 5 cents (2¼*d.* to 2½*d.*) per gantang. In the outlying districts above referred to, where there is no Paddy Farmer, the Punghulus themselves account to the Government for the paddy collected by them, at rates varying from 3 to 4 cents (1½*d.* to 2*d.*) per gantang according to the distance of the district from town.

Tenths on Cocoanuts and Fruits of every kind, including Nutmegs and Pepper.—These tenths are farmed out, the farm of 1869 bringing $240 (£51) per annum. The Farmer receives in commutation of his tenths, in accordance with a received custom, from 3 to 6 cents (1½*d.* to 3*d.*) per annum for each cocoanut tree according to their age and condition. As regards fruits, &c., in some cases the tenths are taken in kind, as the fruits are brought to town for sale; in other cases an agreement is come to by the Farmer, the Cultivator, and the Punghulu as to the value of the crops, and tenths are paid accordingly in money.

Tenths on Sweet Toddy cut beyond four miles from Town.—These tenths are farmed out: the Farm for 1869 was let for $192 (£40. 16*s.* 0*d.*). The practice in regard to this article in Malacca proper is for the Farmer to levy one cake in thirty of the jaggery or coarse sugar which is manufactured out of the Sweet Toddy. In the Nanning district one cake in ten is levied.

Tenths on Forest Wood and Timber.—These tenths are farmed out; the Farm for 1871 realized $285 (£60. 11*s.* 2*d.*). The tenths are collected in kind, or, by agreement with the owner, by means of a money commutation.

Tenths on Wood Oil, Rosins, Gutta Percha, Bark of trees, Sago, Yams, Potatoes, Sugarcane, Gambier, and Sirih leaves.—These tenths are farmed out; the Farm for 1870 realized $503. The tenths are collected in the same way as those on forest wood, &c.

Tenths on Tin.—These tenths (including the royalty reserved on Leases and also on Fee-simple lands) are farmed out; the farm for 1871 was let for $551 (£117. 1*s.* 9*d.*). The tenths are collected in the same way as those on forest wood, &c.

Tenths on Bricks and Tiles.—These tenths are commuted at 16 guilders, or $6.15½ cents (£1. 6*s.* 1¾*d.*), per "burning." The right of levying at that rate on all bricks and tiles manufactured on Government Lands (except those manufactured by Government itself) is farmed out, and realized for 1871 $185.50 (£39. 8*s.* 4½*d.*).

N.B.—Most of these farms have been discontinued since this paper was written.

The following fees are fixed under Act XVI. of 1839:—

Service of Notice (arrears of rent)	$0.50	(2*s.* 1½*d.*)
Attachment do.	1.00	(4*s.* 3*d.*)
Registration of Mutation of Title ...	2.00	(8*s.* 6*d.*)
Inspecting Registers of Grants and Mutations ...	0.50	(2*s.* 1½*d.*)
Granting Certified Extracts from Registers ...	1.00	(4*s.* 3*d.*)

The total Land Revenue was in 1875 ... $110,920 (£23,570.10.0.)

RENTS EXCLUSIVE OF LAND.

The right to occupy the Singapore Markets is farmed out yearly, and realized $26,895 (£5,715. 3*s.* 3*d.*). From the 1st January, 1876, they are handed over to the Municipality.

Under this head also are included the sum received for letting out certain Government Bungalows, Ferries, and Public Buildings, and the rent paid for the regular hire of certain houses belonging to Government.

LICENSES.

Authorized by Excise Ordinance IV. of 1870.

Opium.—The exclusive privilege of retailing Opium, and of preparing Chandoo and Opium Dross, is farmed out yearly, or for a term of years.

Spirits.—This is a similar farm, and is the exclusive privilege of retailing Spirits. The two farms realize about $782,500 (£166,281. 5*s.* 0*d.*).

Toddy and Bhang.—The exclusive privilege to retail these articles is also yearly farmed out, and realized a revenue of $14,086 (£2,993. 5*s.* 6*d.*).

Pawnbrokers.—The privilege to license Pawnshops is regulated by Ordinance VII. of 1872. This Ordinance requires a Pawnbroker to take a license, paying a fee to be fixed by Government from time to time, and under certain rules.

For some years it has been the practice to farm out the right to license, and this yields $26,740 (£5,682. 5*s.* 0*d.*).

The following rules are observed with reference to Gunpowder Licenses, for which a fee of $5 (£1. 1*s.* 3*d.*) each is charged:—

Under Ordinance VIII. of 1868.

OF EXPENDITURE, 1874, AND EXPENDITURE, 1875.

Cause of Increase or Decrease.

a. The increase in Salaries is partly attributable to the fact that certain Salaries, to the extent of about $6,938, were classed in 1874 as Office Contingencies (see Note *b*), and that certain increases which were sanctioned in 1874 were only paid for a portion of the year in 1874. Furniture for Government House, $6,270 (classed as Miscellaneous Services in 1875). *Per contra :*—Expenditure classed in 1875 as Office Contingencies which was classed in 1874—as "Works and Buildings," $2,506 ; as "Harbour Department," $348 ; and as "Education," $50. Decreased Expenditure in 1875 for—"Furniture," $408 ; "Telegrams," $874 ; "Books for Supreme Court," $2,673 ; "Printing," $573. Increased Expenditure in 1875 for sundry items, (net) $289.

The last quotations in the London Market of Mexican Dollars in 1875 were 4*s.* 7*d.* per ounce. This gives the following as the London market value of such Dollars individually according to weight :—

	d.
If of 415 grains	47.552

„ 420 „	48.125

The last quotations of Bar Silver, Touch 925, in 1875 were 4*s.* 8½*d.* per ounce, and the cost of Coinage at Her Majesty's Mint being estimated at about ⅜*d.* per ounce, it follows that Dollars of 900 Touch could have been coined in London at that date at the rate of $\frac{900}{925}$ 4*s.* 8½*d.* + ⅜*d.*=4*s.* 7*d.* per ounce, or for the coins individually according to weight :—

WEIGHTS AND MEASURES.

Commercial Weight.

16 Tahils...	...1 Catty	= 1⅓ lbs.	avoirdupois.
100 Catties..	...1 Picul	= 133⅓ lbs.	,,
3 Piculs...	...1 Bahra	= 400 lbs.	,,
40 Piculs...	...1 Koyan	= 5333⅓ lbs.	,,

Note.—The Catty of 1⅓ lbs. avoirdupois is known as the *Chinese* Catty. There is another weight, known as the Malay Catty, which was probably the original Standard, and which is still in partial use at Penang. The weight is that of 24 Spanish Dollars, or 9,984 grains. This gives 142.628 pounds as the weight of the Picul, and 5,705.143 pounds as the weight of the Koyan. The Koyan, considered as a measure of capacity, is divided into 800 Gantangs, and it is accordingly found that a *Malacca* Gantang of *Rice* weighs with a great degree of accuracy $5\,7\frac{5}{8}\frac{1}{0}\frac{4}{0}\frac{3}{0}$=7.133 pounds. Taking the *Gantang* at the dimensions given to it at Singapore and Penang, no relation can be established between the *Koyan of weight* and the *Koyan of capacity*. Under the Dutch Government at Malacca the Picul was reckoned equal to 125 pounds Amsterdam, or 136.1825 pounds avoirdupois.

Goldsmith's Weight.

10 Hoons...	...1 Chee.
10 Chees...	...1 Tahil.

Measures of Capacity.

4 Pows...	...1 Chupah.
4 Chupahs...	...1 Gantang.
10 Gantangs...	...1 Parah.
16 Gantangs...	...1 Nulleh.
10 Nullehs...	...1 Kooncha.
5 Koonchas...	...1 Koyan.
800 Gantangs...	...1 Koyan.
20 Gantangs of Rice...	...1 Bag.

Note.—The capacity of the Chupah is not uniform at the three Settlements. The variations are shewn in the following Statement :—

	Contents in Cubic Inches.	Weight of Contents in Distilled Water. (Ounces Avoirdupois.)
Singapore Chupah...	55.455	32
Penang Do.	67.912	39.188
Malacca Do.	62.386	36
English Quart	69.3185	40
French Litre	61.028	35.216

Long Measure.

The Measure in use in the Settlements is the English yard (termed the *Yella*) with its divisions and multiples, but the Native terms as shewn in the following table are still in use :—

4 Plumpaps	1 Jungkal	=	9	inches.
2 Jungkals	1 Hasta	=	18	„
2 Hastas	1 Duppah	=	72	„
2 Duppahs	1 Jumbah	=	144	„
20 Jumbahs	1 Orlong	=	2880	„

Note.—The equivalents in *inches* as above stated are what are now attributed to these terms, but among the Malays the Jungkal had no more definite meaning than a *span;* the Hasta was the *length of the fore-arm,* and the Duppah the stretch of the two arms.

Square Measure.

Land is measured by the English acre with its divisions, but the Native terms are still in use as shewn in the following table :—

	1 Square Jumbah	=	144	square feet.
400 Square Jumbahs	= 1 „ Orlong	=	1⅓	acre (nearly).
	1 Lalong	=	2400	square feet.
24 Lalongs	= 1 Square Orlong	=	1⅓	acre (nearly).

IMPROVEMENTS IN AGRICULTURE AND MANUFACTURE INTRODUCED THIS YEAR.

SINGAPORE.

At Singapore the cultivation of Gambier and Pepper has much increased, but there are no accurate returns.

CHASSERIAU'S ESTATE (TAPIOCA).

This Estate has been much improved during the year, through the energy and enterprise of its owner. The excellent method of culture introduced on the Estate has given an impetus to Chinese planters throughout this Settlement.

PEDRO NOKIAH'S ESTATE (TAPIOCA).

This Estate, situated at Serangoon, has also been much improved, and about 1,500 Acres are under cultivation.

There is Steam Machinery on both Estates.

Granite.	The quarry is rented for £127. 10*s.* 0*d.* a year. The value of the stones quarried cannot be ascertained, but it is supposed that it is very little more than the rent paid to Government. Stone is quarried by the Municipality free of charge.	Nil.	3,215	It is supposed that about 85,000 tons of fish of all descriptions are taken yearly. There is no record kept of the various descriptions and quantity.	£52,500	There are no ships or large-sized craft employed in fishing at this Settlement. The native fishermen, who never venture far out, use only canoes and punts. The principal methods of fishing are by drag-nets, and stationary catch-nets, fastened to stakes in deep water. Fishing is carried on solely for the purpose of meeting the demand for local consumption. A Tannery on an extensive scale has been opened by a Company (Limited) on premises three miles from town, on Thomson's Road. Steam Rice Mills are being introduced here. Perseverance Estate, Gaylang, has an area of 950 acres, and is used for the cultivation of grasses and herbs producing Essential Oils—Citronella, Lemon Grass, Patchouly, Nutmeg, Mace, Pepper and Omum, Balsam Copaiva, and Mint.
